## ECO COMPACT CITY NETWORK

**Object: ECO-COMPACT CITIES NETWORK**

**February 2009**

Sir/Madame,

I am glad to announce you that, by following the great success of the Philippe Rotthier European Prize 2008, A VISION OF EUROPE-Bologna and the FONDATION POUR L'ARCHITECTURE-Bruxelles, have decided to launch the:

### **ECO-COMPACT CITIES NETWORK ECCCN**

The new ECCCN is intended to be a Forum for Municipalities, Developers, Architects, Urbanists, Engineers, and all those who are interested in the designing and creation of true Eco-Compact Cities.

The aim of the ECCCN is to exchange ideas, share succesful experiences, and spread the culture of the Eco-Compact City.

The structure of the ECCCN is based upon the organization, every year, of:

- an international conference
- an international exhibition
- the publication of a ECCCN Year-Book
- the update of the ECCCN website

Every year one city will take the charge of the organization of the ECCCN Forum, and in this occasion, other cities will advance their candidatures to host the next ECCCN Forum.

A specific ECCCN website will be created to allow every member to publish his/her best experiences in the field of designing and building New Eco-Compact Cities.

The first ECCCN Forum will be held in Bologna in Septemberr 2009 thanks to the collaboration of the University of Ferrara-Civicarch Staff.

We hope that you will join us in the new ECCCN Forum and actively participate in the organization of the future ECCCN events.

Yours sincerely,

*Gabriele Tagliaventi*  
ECCCN Executive Director
